***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: Applicants' Process for preparing 1,6-hexanediol is unobvious over the prior art of record because the prior art of record does not teach or suggest preparing 1,6-hexanediol according to the presently claimed invention, wherein the alcohol from either stage a) or stage e) is removed by a membrane system. This modification allows for a more cost effective and efficient process. All claims (1-6) are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
